

Kendall Culvert Logistics Plans

Spring 2021 – Spring 2022

BGGB Road Improvements

Related to a roadworks request to upgrade the pedestrian and bike paths across Kendall.

Located along Galileo from the Broadway intersection until the edge of Binney street.

Upgrading landscaping, lighting, irrigation, walkways, and bike paths.

In Fall 2020 we installed bike lanes to prepare the area for the future. Spring 2021 we will start with the next phase of making this permanent.

Kendall Culvert

This project is related to an infrastructure investment related to sanitary sewage generation.
Spring 2021 – Spring 2022 (as weather permits)

Installing a new 16” water main.

Removing an existing stormwater system.

Installing a new precast and cast-in-place culvert for stormwater drainage along Broadway from the Galielo intersection and through the Ames Street intersection.

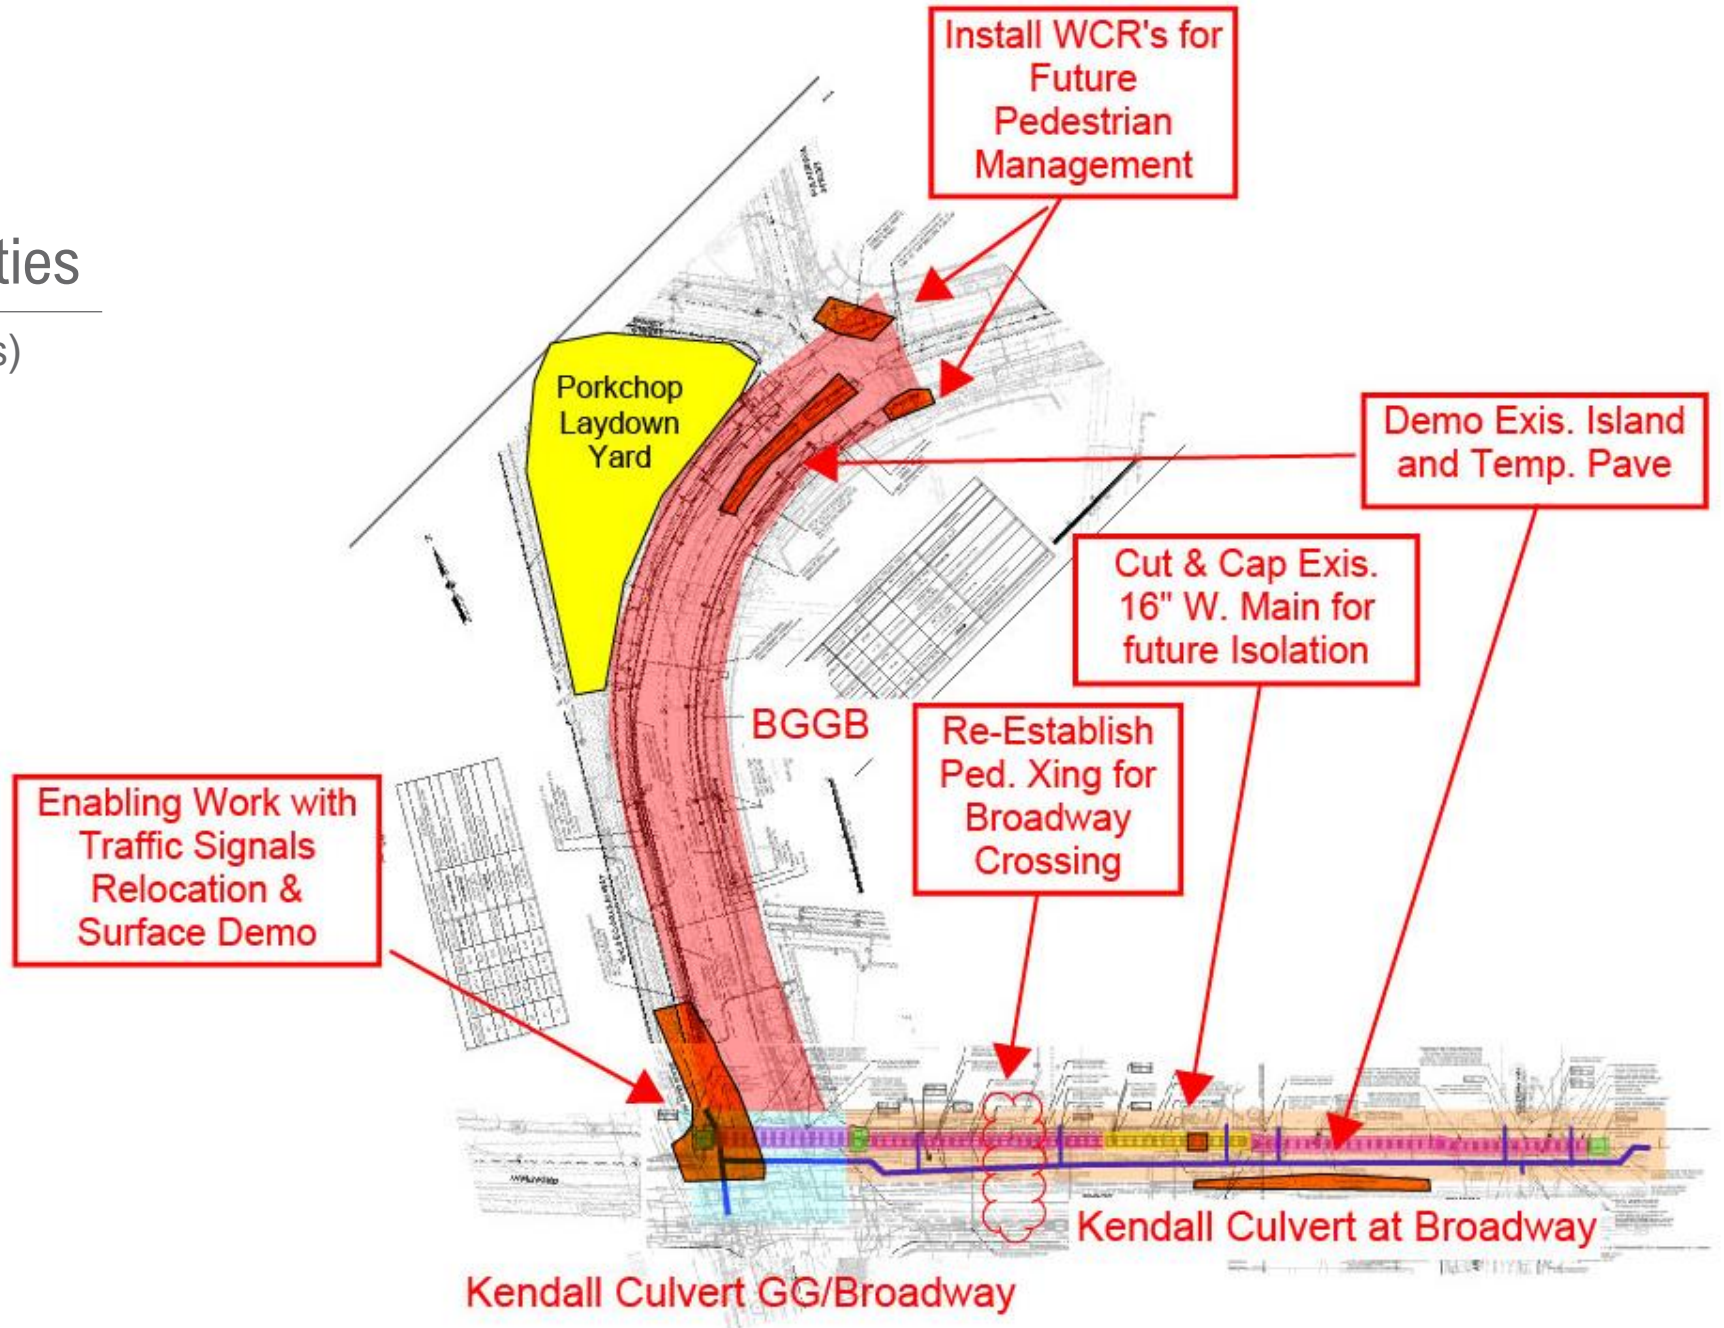

Traffic Impacts

- Closure of sections of the street or of the whole street itself
- Traffic will be maintained in both directions on Broadway at all times
- Galileo will be shutdown from approximately Memorial Day until Labor Day to complete major utility work within the intersection of Broadway and Galileo.

01.

BOND Civil & Utility Kendall Square Activities

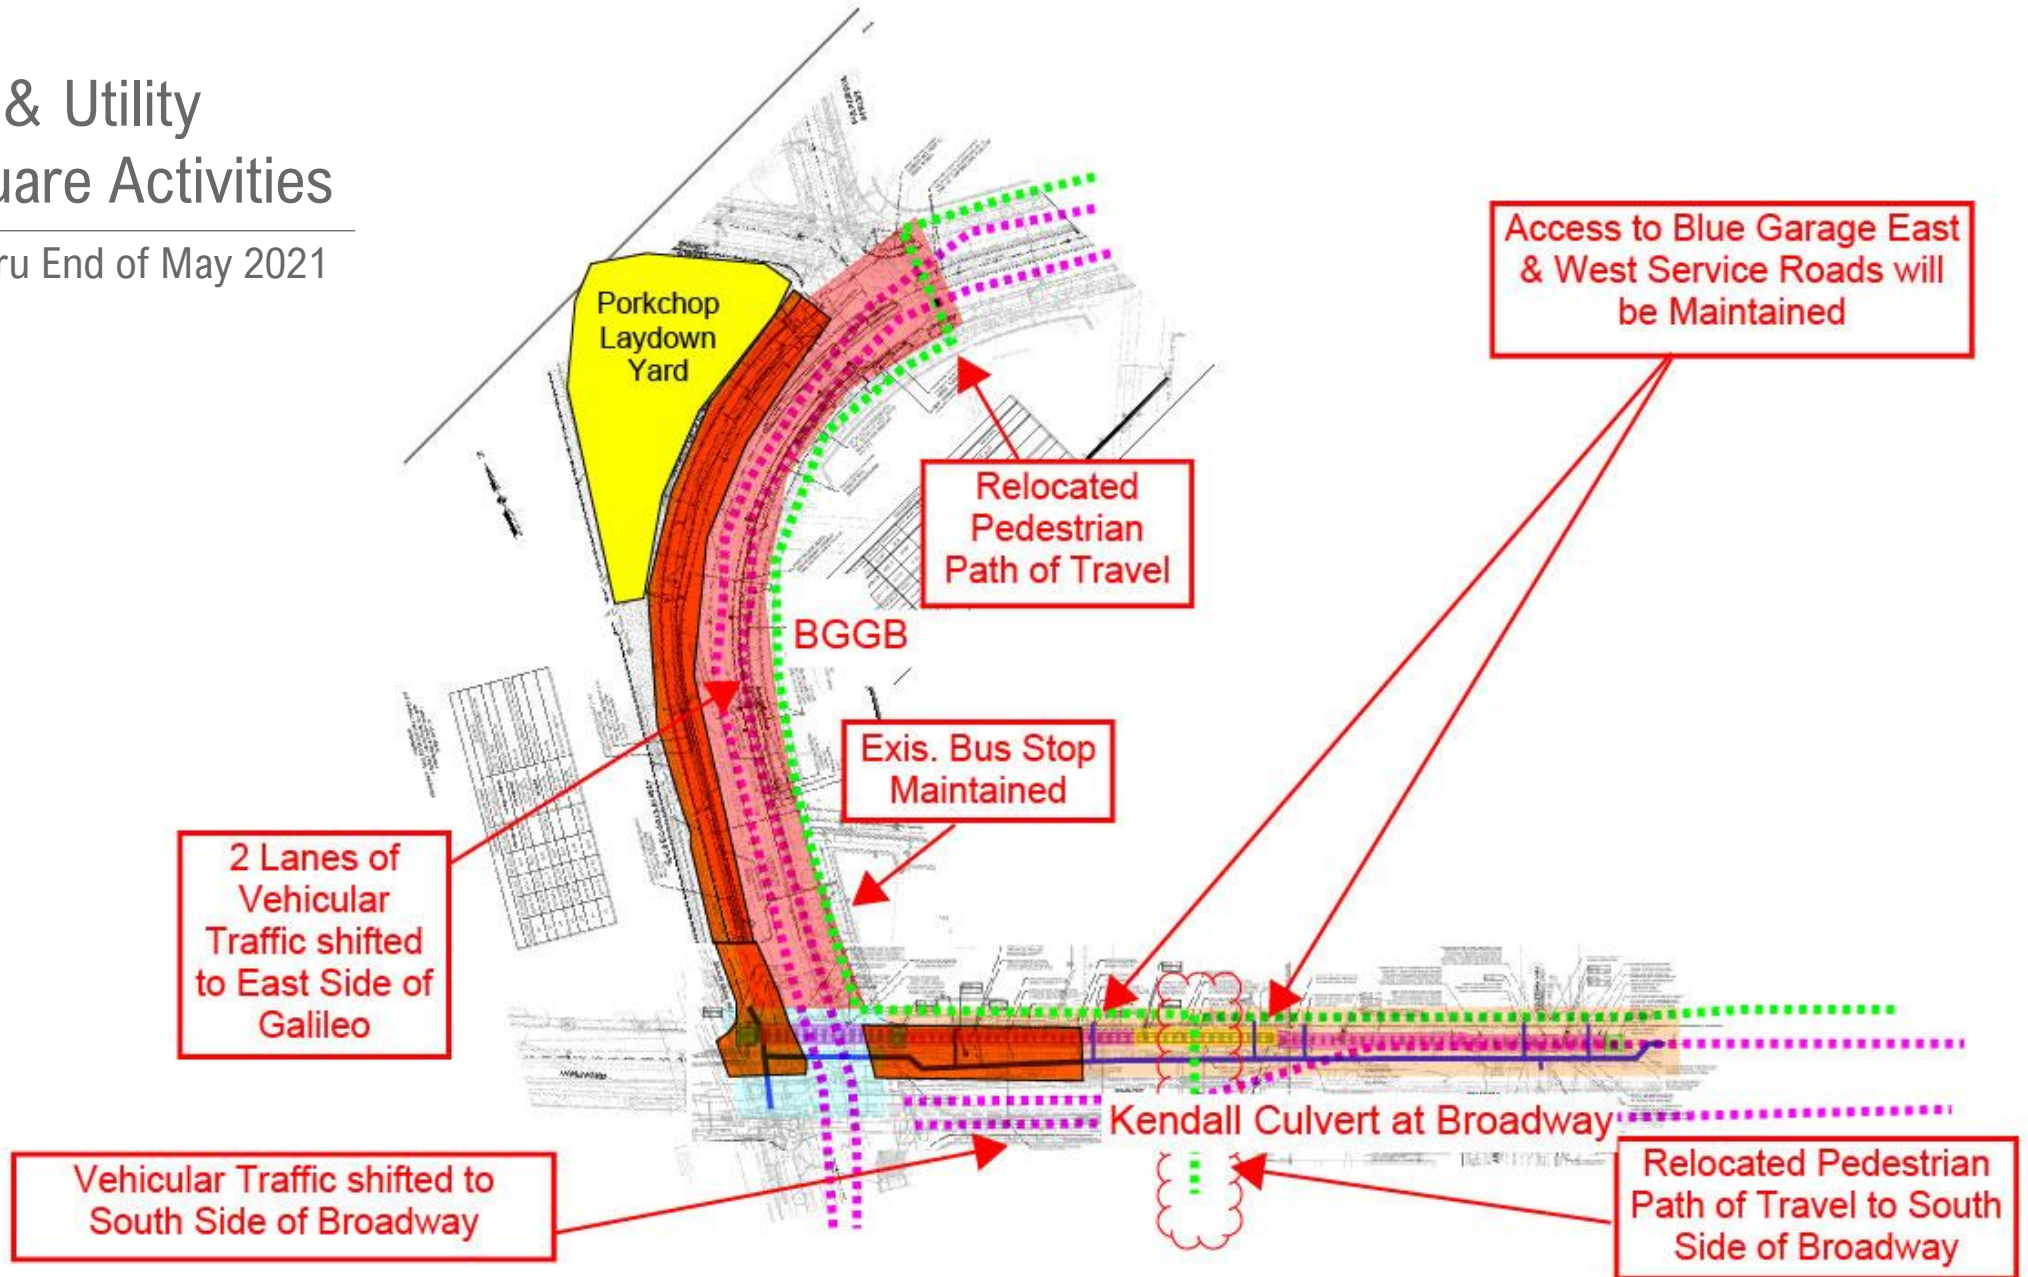

Early-Mid April 2021 (2-3 Weeks)

02.

BOND Civil & Utility Kendall Square Activities

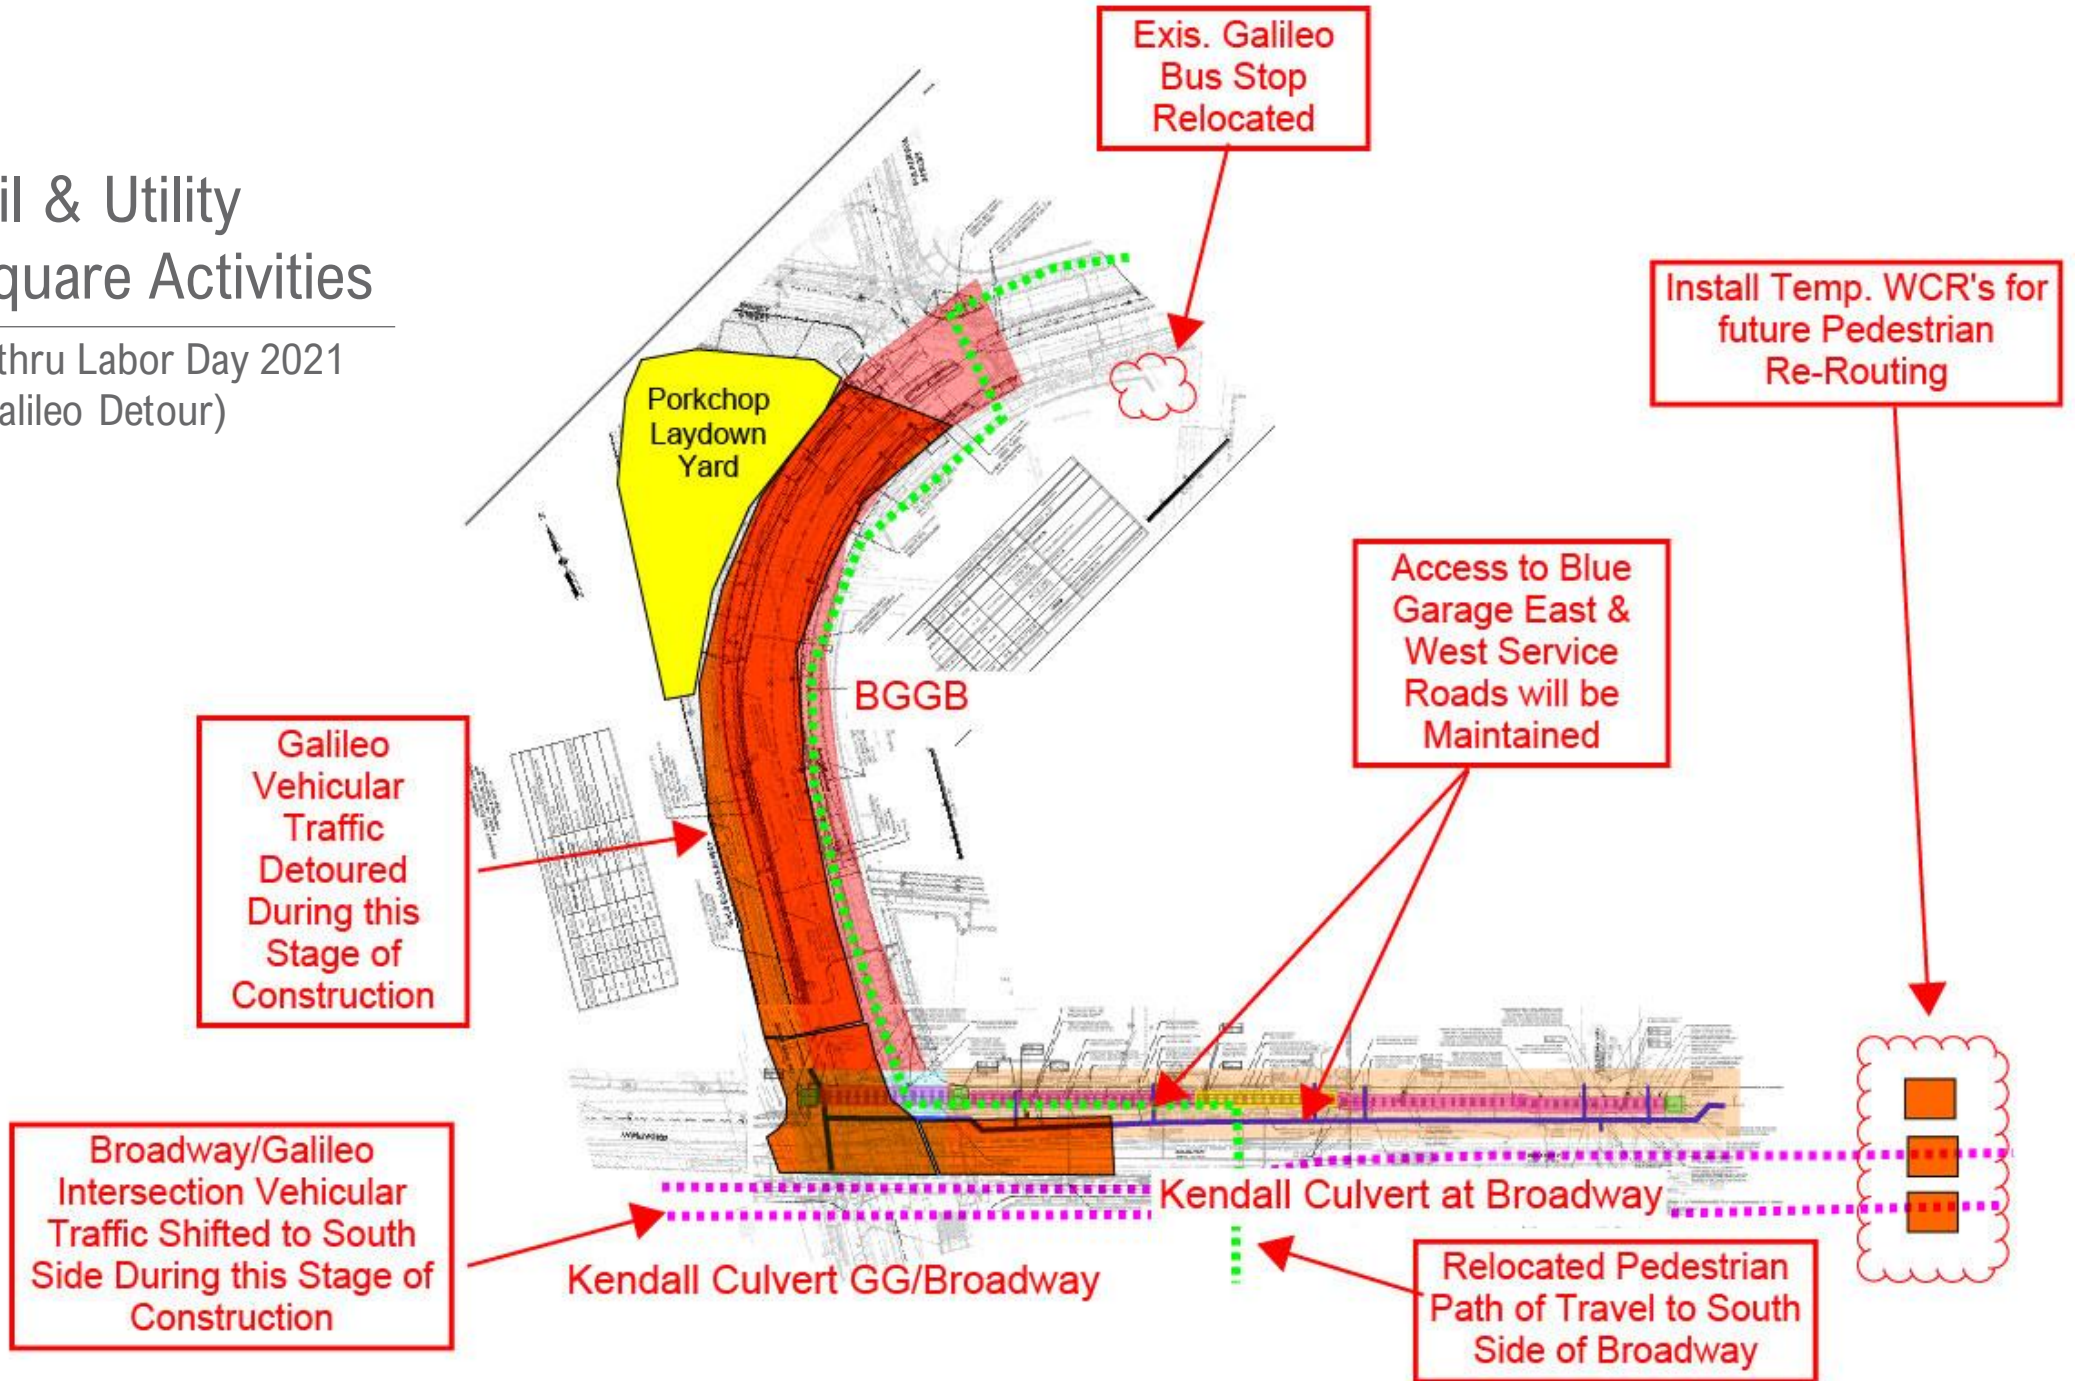

Mid-Late April thru End of May 2021
(4-6 Weeks)
